

Guidance

I would like to let you know not only Settaya/ Saffron-shu brewery and Furusato-no-Mori forest/ Museum of Modern Art, but also the wonderfulness of Nagaoka during various talking in the guide.

1. Supplements explanation (“Mails to you” section) is added in “detail information” with e-mail style.

The body of the e-mails are listed on the following pages.

Mails to you

[Mial to all those who wish to participate in Settaya tours](#)
[\(2021/07/29\)](#)

[Mail to High-school students](#)
[\(2021/07/29\)](#)

2. Instead of a lecture for the Settaya tour

I will not give a lecture before the Settaya tour in August.

In the detailed explanation, I prepare several information with HTML-links to the reference materials.

In particular, I would like you to take a look at WiFi section.

When you tap on images in WiFi section, you can get information regarding each image,

In the Japanese version, there are explanations of the main building , Kote-E-Gura, the garden, and the annex, however the English version has been maintained only for the main building and Kote-E-Gura.

If necessary, we will explain prior to the tour,in your lunch break time.

To: To High-school students

Re: Please consult topics separately. (mail210729-2)

Dear Friends,

I'm worried if I can tell you something that interests you.

You have an opportunity to live in Nagaoka.

I want you to enjoy your life in Nagaoka even more.

For that reason, I want you to know Nagaoka even more.

If you would like to talk more detail, please let me consult individually for 15 minutes during lunch break.

Example 1 "Pulling shoulders each other"

We usually pull shoulders each other during passing a narrow snowy road.

Why?

We can find several mutual spirits in snow land

Example 2 "Water"

Quality of tap water in Japan

Why is Japan so rainy and snowy?

Quality of river water

Irrigation works in Nagaoka from 17th century

Diversion and drain in Niigata land since 100 years ago

For Japanese Sake production

Handicap of Soft water in the Eastern Japan

Turn soft water to plus

Regards.

Kasuga
